President Pete's Message

It's been a very hectic month with sign-ons. Very special thanks to the people involved, Mark Suhor, Michael Jeffery, Ros Pollock and Keith Morris who do a lot of necessary work that often goes unnoticed. Mark, our junior registrar, reports that our numbers are up by about seven percent.

We have just held a successful coaches meeting where we worked on the difficult scheduling for training and field allocation and if this rain ever lets up you will get your training days and actually make it back on field. Barry Saunders informed coaches of the various training licences available this year and the club is looking forward to coaches taking advantage of this.

We also have a new sponsor on-board – thanks to Emmanuel's Wine Shop on Marine Parade for your support, it is much appreciated.

The season will soon be upon us with everyone, other than the little ones, starting the week before Easter. Looking at the strength through the club we are expecting a pretty successful and exciting season.

Junior Coordinator

Welcome to the new season. It promises to be a great one. And while we have a lot of great kids and parents involved in the club we wouldn't get the teams on the park without the help and support of our coaches. Thank you for putting in your time to help make the year enjoyable and successful for our young players!
